

Housing Advisory Group

We are very pleased to announce our new Board of Directors for the Housing Advisory Group. These individuals represent a unique cross section of the affordable housing industry and have demonstrated a desire and ability to strongly advocate our issues in the best tradition of our Housing Advisory Group membership.

Each Director has years of leadership experience to guide us as we continue to tackle the issues affecting the investment, production, maintenance and expansion of the LIHTC and associated programs. The board joins us in encouraging your active participation in these endeavors.

Thank you.

Bob Moss & David Gasson
