

Housing Advisory Group

Senator Maria Cantwell has introduced in the Senate S. 2666, the *Affordable Housing Investment Act of 2008*. This is the Senate version of the housing modernization legislation we have been working on since early last year. To review the legislation, click [here](#) or to read an explanation of its provisions, click [here](#). We continue to work with the House Ways and Means Committee on Chairman Rangel's version of the modernization legislation and hope to see that language possibly next week.

As always, we will keep you apprised of progress on these initiatives.
