

# Housing Advisory Group

With the housing modernization legislation working its way to the House floor in the coming weeks, we must now focus our efforts on getting Senate support for S. 2666, the *Affordable Housing Assistance Act of 2008*. As this legislation was excluded from H.R. 3221, the *Foreclosure Prevention Act of 2008*, which recently passed the Senate, we need to muster support for S. 2666 so the LIHTC provisions within the legislation may be included in the final “Housing” bill which will come out of the House and Senate conference.

Please click [here](#) to view an industry letter which we ask you to use as a template for a letter from you to your senators. We suggest you personalize the letter and include some specifics about the affordable housing needs in your state (9% credit floor, AMT relief, income limits, etc...) and why S. 2666 is critical to meeting those needs. In the end, your senators need to hear from you that it is important that they cosponsor S. 2666. The timing is urgent as well so please do not delay in forwarding your letters by fax or email to their offices (mail can take up to two weeks to pass through screening so please use the contact information included on the link below).

Thank you.
